

Dear little friend,

Through the ice and the wind,
And the vast land of snow,
I've been sent here by Santa,
(up in the North pole!)

I'll be here every day
From the first of December
'Til the night before Christmas
- I hope you'll remember!

Each day as I visit
I'll check how you're being.
And each night I'll fly back
To report what I'm seeing.
So be kind and be good -
Don't be selfish and squawking

- Unless you want coal
To appear in your stocking!
Last thing you should know
About elf friends like me:

If you touch me, that's it!
My magic will flee.

Now you know why I'm here
Spreading cheer with my grin.
So let's make Christmas fun!
Let the elf games begin!
