

December came and went too fast  
But Christmas eve will be a blast  
Have fun with all your family 'round  
And the merriment you've found  
Just remember one last thing  
As you do your christmas-ing  
Santa claus is on his way  
With all the toys upon his sleigh  
And if you can sleep well tonight  
Tomorrow'll be fill'd with much delight!

It's time for me to disappear  
My job is done - I'm outta here!  
Thanks for the laughs, the love and the cheer  
Stay safe, take care, and I'll see you next year!

Love,
